

MACHINE SPOTLIGHT:

The Bernette b05A, which is equipped with a wide range of functions, 30 exclusive stitches and a fast motor, allows you to quickly realize your wildest ideas. For tricky projects that require a slower pace, you can reduce the maximum sewing speed. It comes with an impressive 12 presser foot soles – for every sewing task, an easy-to-attach finger guard and even more sewing space with the large, convenient extension table. Who knows what ideas you'll have tomorrow? The b05 ACADEMY will always be there for you.

**JULY ACCESSORY OF THE MONTH:**

Gathering Foot #16 is suitable for gathering lightweight-to-medium weight fabrics. The Fabric is gathered automatically while being sewn. What's more, the special indentation in the sole of Gathering Foot #16 allows you to sew the material being gathered to a flat piece of fabric in a single operation. For this, the flat material is slipped into the indentation so that it isn't gathered at the same time. Gathering Foot #16 is available in two different widths - narrow and wide. The wider version is designed for use with Bernina sewing machines with a stitch width of up to 9 mm. **YOU GET 20% OFF THIS JULY!**
